### **Highway Superintendent**

Superintendent McClory said the capital project is complete on Trowbridge Rd. He is hoping for tar and chipping to happen in August. Now the highway dept is working cleaning ditches, regrading roads from the winter and laying pipes.

CHIPS will be available which the highway dept will be working on more roads.

Supervisor Breton asked if the CHIPS are ever rolled over. Mr. McClory told him he has asked, and it is not recommended because there is no guarantee for the amount to be there next year.

### **Cemetery Sexton**

The report was given over the phone.

Two trees fell over during a few storms. The seven trees that were to be taken down are coming down and the wood from them will be available to the town residents at a first come first serve basis. If there are any questions about how to get the wood contact Cleon at Babbitt & Easton.

Mr. Weaver brought up sealing the driveways/roads at the cemetery as a continuation on the topic from the March meeting and he agrees that it would be a waste of time to seal them since they are all cracked and breaking apart. The roads have a good base to them already maybe a good inch coat over the top would be better. The board does not want to go back to gravel as it would take more money and result is messes after storms.

Mrs. Fisher made a motion to place the job for a coat of blacktop up for bid. Mr. Weaver seconded the motion.

Motion carried Ayes-5 Breton, Palmatier, Weaver, Tinelli & Fisher

**Town Clerk**

Mrs. Stanbro would like to find a new printer that can be an all in one that works. The printer now is an all in one, but the components do not work to fax, scan and the copier sticks and takes multiple papers at a time. It was discussed that a worker has come out multiple times to fix the printer, but it does not continue to work. The board said to get a price on one that would work. Recommendations for one to be capable of 10,000 pages and be able to do legal sized paper. Mrs. Stanbro also mentioned that the monitor in the clerk's office is not working, the board said to call DFT.
